

**Sarasas Witaed Chiang Mai School**  
**5<sup>th</sup> QC Study Questions (Mini-Bilingual)**  
**Semester 2 Academic Year 2018**  
**Mathayom 3 Gifted**

**Language:**

1. Have you \_\_\_\_\_ finished your homework?  
**a. Already**                      b. Yet                      c. just                      d. had
2. No, I haven't finished it \_\_\_\_\_.  
a. Already                      **b. Yet**                      c. Just                      d. about
3. I want to go abroad for my holiday. I've \_\_\_\_\_ reserved my flight, but I haven't found a good hotel \_\_\_\_\_.  
a. Yet, already                      **b. Already, yet**                      c. Already, just                      d. yes, just
4. That horse could have won the race if he \_\_\_\_\_ hurt his leg.  
a. doesn't hurt                      b. hasn't hurt                      **c. hadn't hurt**                      d. hads hurty
5. If I \_\_\_\_\_ harder for the test I would have gotten a better grade.  
**a. had studied**                      b. will study                      c. did study                      d. has study

**Mathematics:**

1. The sum of a certain number is less than ten.  
a.  $x + 11 \leq 10$                       b.  $x + 11 \geq 10$                       **c.  $x + 11 < 10$**                       d.  $x + 11 > 10$
2. Ten divided by a certain number is not equal to twenty one.  
**a.  $\frac{10}{x} \neq 21$**                       b.  $\frac{10}{x} = 21$                       c.  $x + 10 \neq 21$                       d.  $x + 10 = 21$
3. Twice a number is greater than or equal to the sum of one and the number.  
**a.  $2x > 1 + x$**                       b.  $2x \geq 1 + x$                       c.  $2x < 1 + x$                       d.  $2x \leq 1 + x$
4. Solve the inequality  $5x + 4 < 7$   
**a.  $x < \frac{3}{5}$**                       b.  $x > \frac{3}{5}$                       c.  $x < \frac{5}{3}$                       d.  $x > \frac{5}{3}$
5. Solve the inequality  $7 + x \geq 22 - 1$   
a.  $x > 14$                       **b.  $x \geq 14$**                       c.  $x < 14$                       d.  $x \leq 14$

## Science:

1. Which of the following hormones is produced by the ovaries?  
a. FSH                      b. LH                      **c. progesterone**                      d. testosterone
2. Sperm cells mature and are stored in the \_\_\_\_\_.  
a. testes                      b. prostate                      **c. epididymis**                      d. urethra
3. How many egg cells are female humans born with?  
a. 100-200                      b. 200-300                      c. 300-400                      **d. 400-500**
4. Which of the following hormones stimulates the production of testosterone?  
a. progesterone                      b. estrogen                      **c. LH**                      d. growth hormone
5. How long is the average ovarian cycle?  
a. 10 days                      b. 15 days                      c. 22 days                      **d. 28 days**

## Health Education:

1. Which of the following is not a reason why teens become violent?  
a. violence at home                      b. experience bullying  
**c. having nutritious food**                      d. emotional distress
2. What can contribute to the likelihood of a teen acting out in a violent manner?  
**a. dwelling on violent thoughts**                      b. watch fantasy movies  
c. play FIFA games                      d. listening to pop music
3. Which of the following is an example of modeling behavior?  
a. feeling sleepy                      **b. imitating violence seen in movies**  
c. feeling frustrated                      d. playing guitar
4. It is the act of teasing or harming others because they are different from many.  
a. punching                      b. fantasy                      c. disorder                      **d. bullying**
5. How do you prevent teen violence?  
a. treat each other with respect and courtesy  
b. be supportive if they ever need you  
**c. both a and b**  
d. support bullying
